

Elite Settlements

The comparative study of democratic consolidation requires sustained attention to elite settlements (Putnam 1993, 45).¹ Przeworski and Linz disagreed about the record, e.g. on institutional design and on what the record shows about pp. 12-19.

A second paragraph begins with an indent and runs on for several lines before it reaches the end of this page and continues without any terminal punctuation at all here

1. See Linz 1990 for the argument in full.

onto the second page, where the sentence finally ends.

A third paragraph, cf. Tocqueville, closes the sample in 1993.
